

CONNECTING TO GOD IN A NEW WAY!

LET'S IMAGINE AGAIN!

Dear Judah Family,

Consecration is always a special time in the life of Judah, and I look forward to it every year. I am especially excited as we begin Consecration Reimagined. My desire for the Judah family is that we connect to God in a personal and intimate way. When we cut down on the distractions of this world, it allows us to become more sensitive to the voice of God and the ways of God, thus drawing us closer to Him.

As we journey through these 40 days, our personal consecrations may look different. The journey is not meant to be complicated, but it should be challenging as we experience God in a new way.

This year we will be studying The Chosen - Book Two. As we are reimagining Consecration, we have also provided Weekly Focal Points and resources to enhance your personal journey.

I pray that you will take this time very seriously. Let's Imagine...Again, break out of the box, and watch God do AMAZING THINGS!!!

*Shalom, shalom,
Pastor Moore*
